

Sportscore is the most complete and easy to use event management timing software available today. With comprehensive and flexible reporting, Sportscore is suitable for clubs and schools through to large scale events.

IDEAL FOR ANY SPORTS EVENT

Sportscore is fully integrated with world leading electronic timing systems from Times-7 and IPICO Sports.

With easy to use Windows based navigation and comprehensive in-built tutorials and help screens, Sportscore makes scoring complex events easy.

You get access to the most flexible and comprehensive reporting and event scoring system available in the market, with a multitude of reports pre-tailored for numerous sports codes.

- Fast, efficient and accurate capture of results saving you time on event day
- Flexible, easy set-up. Can score virtually any type of event
- Developed by sports people for easy event management
- Makes scoring complex events easy
- Information at your fingertips – results, event details and scoring, competitor details, club administration
